

Annual Wreath Sale

The St. Paul Ski Club is the oldest ski jumping club in the nation, developing ski jumpers from the 2-year-old beginner to Olympians. The money that is generated from this fundraiser enables us to provide ski equipment and suits to get the athletes started. It also allows us to keep our membership fees to an absolute minimum. We believe all kids should learn to fly. Please help us keep this great sport accessible to kids for generations to come.
